Working Student / Intern – Product Team (m/f)

At Kairion, we sit at the intersection of ecommerce, media & technology. We have developed a suite of groundbreaking ad formats for brands to leverage, and built a highly scalable application system to reach millions of shoppers in our network of leading online-shops in the perfect moment. All demands of this real-time application are tackled using the latest, cutting edge technologies. This is your chance to join a great company, in a great team, with great responsibility.

We are constantly looking for students ready to take the next career steps, joining us as working students or Interns!

Your Tasks:

- Supporting the product and development team
- Help to define objectives & deliver very clear mock ups for the team's understanding of what is required; ensuring high quality and unambiguous definitions are produced
- Help ensuring for the delivered functionality and user experience from definition to functional reviews
- After an initial phase own tasks in product development of new features

Your Skills:

- First working experience in a consulting / tech or startup company
- Structured and goal-oriented working style
- Fluent listening and communication skills in English (especially the ability to deliver clear definitions and solutions)
- Ideally, development experience in one programming language and/ or high level of "technical creativity"

If you have additional questions don't hesitate to contact us. We promise you will learn a lot and soon take on your own responsibilities. We will also provide you with an appropriate onboarding. If doubts arise you will be backed up with a highly professional and motivated team which has a lot of fun at work.

Also, we offer biannual hackathons and a personal education budget in addition to a fair salary and a modern workplace in the heart of Frankfurt.
